Avery Dennison®
8000 Series Wall Films

Inspire to create

Avery Dennison presents the 8000 Series Wall Films, for inspiring graphics solutions that enrich creative thinking and enable wall art to generate an emotional response.

8000 Series Wall Films bring design flexibility to even the most ambitious indoor applications, with a wide choice of printable wall films. All deliver rapid application and reliable print performance. Access a whole new spectrum of creative possibilities with the 8000 Series for wall decoration consisting of printable PVC films with either a smooth finish or pure canvas, crushed stone, coarse stucco and natural wood texture.

A choice of adhesives supports the creation of unique short- and longer-term printed solutions for wall decoration in hospitality areas, retail areas, exhibitions and more. Films can be applied without the need for primer, and the excellent opacity ensures that the underlying wall is completely concealed.

The 8000 Series Wall Films makes transforming an indoor space easier and more visually rewarding than ever before.

AVERY DENNISON

KEY FEATURES

- Quick, easy and clean installation, with no primer needed
- Digital print using solvent, eco/mild solvent, latex and UV curable inks
